Who We Are

CVtrumpet was formed in February 2002 and has been successfully growing ever since.

As the UK's first and largest Executive & Management CV Sending Service, CVtrumpet already supplies over 8,300 UK recruiters with top, targeted candidates.

Our main focus is to connect specific, targeted, top-quality candidates with recruiters, which saves both the candidate and recruiter time.

In addition to building the UK's largest recruiter network with well over 8,300 recruiters registered with us, we hold over 78,000 CV's in CVtrumpet's Executive and Management CV database, making it one of the largest collections of Executive and Management CV's in the UK today.

CVtrumpet has a significant Internet presence, with over 12,700 articles, news and information written about the company (just search for "CVtrumpet" on Google).

Due to the success of CVtrumpet, the service was extended overseas to the American market and this has equally been as successful. Our US/Canadian site is at www.executivetrumpet.com.

CVtrumpet is different in many ways to other executive and management recruitment sites:

- We specifically match the candidate to recruiter preferences by industry (over 80 industry choices available), the job function (choose from over 140), the salary level (from £15,000 to £500,000) and the job level (MD, Director, Manager, Employee, etc).
- Recruiters can register for FREE CV's from our FREE CV sending service where a small number of targeted candidate CV's will be sent directly to your inbox
- Upgrading to a Platinum Package (available for one month, 3 months or a year's subscription) offers recruiters to 1100% more candidates than our free service as well as access to over 600 to 800 new candidates who join every week

CVtrumpet has a team of highly experienced senior and administrative level staff with extensive recruitment industry experience. Our marketing team attract new recruiters and candidates through methods such as press coverage, affiliate programs, Internet marketing, trade publication advertising, broadsheet advertising and international search engines. We also have a devoted and supportive customer service team who are always happy to help and aid in any queries or problems. Our previous performance, reputation and profile shows that we are constantly growing and improving the service we offer. Through integration of our entire workforce, we aim to deliver the best quality service possible.

CVtrumpet Staff Walk on Fire

Feb 2006

Celebrating CVtrumpet's 4th Birthday in Style

February 8, 2006 -- www.CVtrumpet.co.uk, the service that provides executive recruiters and recruiters with targeted candidates for free, celebrated its fourth birthday in style by having most of its team walk barefoot across a bed of glowing coals.

The purpose of this unusual way to celebrate a birthday wasn't the act of fire walking itself but rather to use the fire-walk as a metaphor for life.

Fear is said to hold us back in many areas of life. The idea of fire walking is that if we can overcome the fear of walking over coals burning at 800 degrees we can overcome any other fear and go on to achieve anything we want.

UK Firm Highlights IT Job Placement *Feb 2005*

CVtrumpet's Advice on the IT Industry

According to CVtrumpet, a UK's CV distribution service, the IT market is on an upturn and the balance of power has started to swing from employer to applicant.

Via CVtrumpet, an increasing number of IT job seekers, ranging from graduates to senior executives, have access to a network of up to 5,000 recruiters nationwide working in head hunting firms and employment agencies.

"Requests from IT job seekers for information about CVtrumpet are up, registered vacancies are up and placements are up," says CVtrumpet founder, Robert Odhams. "Prospects for IT job seekers are simply the best they have been since the late 1990s and more skilled IT staff are in a position to pick and choose." Banking and finance are showing the strongest recovery, according to Odhams, with high demand in corporate infrastructure and security.
